[www.bit.ly/mentor\\_kumbel\\_pro](http://www.bit.ly/mentor_kumbel_pro);
2. Get selected and meet with us;
3. Sign an official agreement;
4. Conduct trainings and support 1 or 2 teachers;
5. Get your certificate by the end of the program.

"It is very important for me to help people, and I consider mentoring as one of the most powerful ways to help and exert my social responsibility. Mentoring is a tool that gives a big "push" to the development of both sides. Being a mentor is a big responsibility that does not tolerate the amateurism of the mentor. For me personally, it is a tremendous motivation to grow, to develop and to learn in order to be able to constantly share new things with my mentee."

**Akhmetova Daria, mentor 2019-2020**

The project is being implemented by the Kazakhstan Foundation for Cultural Social and Educational Development
